## Changing Spaces SRS celebrates new office location

Lincoln Journal Star

**Changing Spaces SRS** recently relocated to a new office space inside the Wilshire Business Suites at 4830 Wilshire Blvd. This relocation comes after the business' recent 'graduation' from the Southeast Community College Entrepreneurship Program, which they were a part of for the last three years.

Changing Spaces SRS provides rightsizing and relocation services for seniors. Their services include help with sorting, packing, move day, unpacking, organizing and finding new homes for things not moved (selling or donating). Since 2008, they have been Lincoln's only senior move management company.
